Sugarloaf Opens Backside Snowfields

Carrabassett Valley, Maine (Ski Press)-With nearly two feet new snow this week, Sugarloaf/USA has opened the fabled Backside Snowfields, the only lift-serviced, above treeline skiing in the East.

“Sugarloaf was getting nothing but snow when most of New England was getting rain. We were getting buried,” said Jim Costello, vice president of sales and marketing for Sugarloaf and Sunday River. The opening of this double black diamond, expert-only terrain brings Sugarloaf to within a handful of trails from being 100% open.

The south facing Backside Snowfields require significant natural snow before they can be traversed. Sunday and Tuesday's storms provided the necessary coverage.

“The Snowfields offer a skiing and riding experience that's not available anywhere else,” Costello said. “It's a back country experience without the hike, complete with spectacular 360 degree views of the surrounding mountains.”

Sugarloaf's boundary-to-boundary policy allows skiing throughout the Backside Snowfields including named routes such as High Rigger, Hard Tack, and Pure Heat. Front Face Snowfield trails such as White Nitro Extension, which is groomed, and Powder Keg are also open with excellent snow surfaces.

“We've been skiing and riding on peak season conditions since before Christmas. The 20-plus inches of snow we received this week is icing on the cake as we get ready to celebrate February vacation,” Costello said.

2003 STATE RACE

by *Karen Sanderson*

The New Jersey Ski Council 2003 State Race was held on February 1, 2003 at Pico, Vermont. Keeping with tradition, race day dawned overcast, foggy, with sleet and snow. Oh, for a 30 degree sunny day for a change! Trailside's team consisted of six women and seven men: Carole Witalis, Diane Stewart, Sara Parsowith, Mary Carrajat, Lisa Christensen, Karen Sanderson, Wes Carrajat, Ed Kirsch, Andy Myers, Paul Brown, Bob Maglies, Pat Cummings, and Al Christensen.

We were definitely the walking wounded with three women nursing sore knees (Carole with a knee sprain, Diane still recovering from surgery last March, and myself having had knee surgery 3.5 weeks ago for a torn medial meniscus. The team, aka The Gimps, did extremely well with the women finishing fourth, the men fourth, and the combined team fifth overall. For the women Lisa Christensen showed that she hasn't lost much since her high school racing days led the way finishing 10th, Carole Witalis 15th, Sara Parsowith 18th, Karen Sanderson 19th, Diane Stewart 23rd, and Mary Carrajat 25th. For the men Andy Myers finished 15th, Paul Brown 16th, Wes Carrajat 20th, Ed Kirsch 21st, Bob 'Bear' Maglies 23rd.

Pat Cummings got voted by all racers as having the most spectacular fall of the day when he lost a ski in the soft snow in the GS, proceeded to go through the outside gate panel and almost land in the woods! Al and Lisa get the longest drive award. They drove up from NJ on Saturday morning and drove back to NJ on Saturday night.

Thanks to Carole and Andy for cooking a fabulous dinner on Saturday night even though Carole couldn't enjoy it. Since there was some left over wine from the party that I took with me, Carole wound up with a bad case of wine similar to about ten years ago. All in all it was a successful day.
