

ATTENTION: You asked for IT - IT's FINALLY here!!!!

The Monday Night Training staff in conjunction with the Mt Creek Racing Dept are offering a two day race camp on January 9-10, 2008.

This race camp is specifically designed around the Adult Racing Program and USSA criteria. It will offer two days of **INTENSIVE** Slalom and Giant Slalom Training on the premier race trail ZERO-G at Mt Creek. All coaching staff are USSA certified and experienced coaches as well as racers. This race camp will feature gate training and focus on improving technical and tactical skills for ALL levels of ski racers. So whether you're at the top of the USSA Masters circuit or just looking to beat your kids in the local Naster, this camp is for you!!!!

This is the opportunity of the season, so don't let it go by: call in sick, take a mental health day, tell the sales manager you are on the road or have the asst. manager cover the store, but be there and reap the benefits of a race camp that will send you into the race season with **IMPROVED SKILLS AND A WINNING ATTITUDE.**

Race Camp Info:

- * Scheduled for Jan 9-10, 9am to 2 pm both days with video review after the session.
- * There are a limited number of spots available, so please respond to this email if you are interested, space is limited and going fast.
- * We are looking to keep the cost around 80 dollars per person, per day (this includes lift tickets) final cost is dependant on the overall participation. Either way, this is a great deal.
- * All the requirements pertaining to Monday Night Training apply: helmets, course inspection, etc...
- * We realize that sometimes it is tough getting away from work, so if you are unable to make both days, contact us about attending for one day.

If you have any questions about this camp, we can be reached by email or phone...don't delay.
